

Twist-On Connector

APPLICATION

Leviton Twist-On Connectors support fast termination of RG-59 or RG-6 coaxial cables for video applications.

40985-TW9

40985-TW6

SPECIFICATION

The twist-on coaxial cable connector shall be a male F-connector for termination of RG-59 or RG-6 coaxial cable. The connector shall be suitable for use with all F-type female connections. The connector shall include a 7/16-inch hex nut. The connector shall be made of nickel-plated brass for improved electrical contact and corrosion resistance.

FEATURES

- 75 Ohm nominal impedance
- Frequency range equals 0-4GHz
- Nickel plated for improved electrical contact and corrosion resistance

DESIGN CONSIDERATIONS

- For use with RG-59 or RG-6 coaxial cable
- Threaded twist-on sleeve secures shield and cable jacket to connector for permanent connection

PHYSICAL SPECIFICATIONS

Dimensions: See page two
Materials: Nickel-plated brass

COUNTRY OF ORIGIN

China
