

# nVent ERICO Hammerlock

1. Insert ground wire through the connector body and then place nVent ERICO Hammerlock on top of the ground rod.

2. Drive the Hammerlock onto the ground rod using a hammer.

3. Continue until the shoulder of the plug is level with the connector body.  
\*For 3/0 conductor, continue until top of plug is level with body (or within 0.050").

**NOTE:** Do not install Hammerlock onto the pointed end of the ground rod.

**WARNING:**

1. nVent products shall be installed and used only as indicated in nVent product instruction sheets and training materials. Instruction sheets are available at [www.nVent.com](http://www.nVent.com) and from your nVent customer service representative.
2. nVent products must never be used for a purpose other than the purpose for which they were designed or in a manner that exceeds specified load ratings.
3. All instructions must be completely followed to ensure proper and safe installation and performance.
4. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and/or death, and void your warranty.

**SAFETY INSTRUCTIONS:**

All governing codes and regulations and those required by the job site must be observed. Always use appropriate safety equipment such as eye protection, hard hat, and gloves as appropriate to the application.
